

### **Mission Statement**

The Second Mile challenges young people to achieve their potential as individuals and community members by providing opportunities for them to develop positive life skills and self-esteem as well as by providing education and support for parents and professionals addressing the needs of youth.

## **THE SECOND MILE ANNUAL REPORT 2008**

## ONE BY ONE...YOU ARE MAKING A DIFFERENCE

*Board Chairman Bob Poole and  
President/CEO Dr. Jack Raykovitz*

While The Second Mile Annual Report 2008 includes, as always, many numbers—revenue and expenses, services provided, and youth served—what is most important to each of us is that those numbers represent the support we have provided so that the lives of children and teens can be improved. We would like to focus here, not on the numbers, but on just a few of the youth who make up those numbers:

- A young man who was angry and acting out against authority following his father's death in a logging accident used the messages he heard from his Friend Fitness role models to find sobriety, recover from a significant logging accident himself, establish his own business, and mentor a youngster from Huntingdon County in the Friend Fitness Program today.
- Twelve young people attending the Challenge Program felt close enough to our counseling staff to share that they were in abusive situations at home, and two shared that they had been having thoughts of suicide. As a result of these disclosures, all of these young people are getting the support that they need and are now safe.

- A mother whose two sons participate in the Lancaster Friend Program shared that both of her sons are living with cancer. Despite their health issues, the boys love the activities at Friend and have made a positive connection with their College Friends. They are thankful for the chance to have fun days with other kids, free from the day-to-day worries about their health.
- Eastern York students participating in The Second Mile Leadership Institute planned and hosted a "career camp" for area elementary school students as an outgrowth of their Institute experience. This past December, the team was recognized for its project work at a York County Alliance for Learning meeting!
- A Challenge camper's mother contacted staff to share these comments: "He really enjoyed your program this summer and wants to continue with the program by earning a return trip. He's showed so much improvement this year. He's more outgoing, and his participation level in class has been terrific. When Mrs. C., the school counselor who referred him to Challenge, commented to him that he's really come out of his shell and blossomed this year and asked him why he thought that was, he answered without hesitation, 'It was that camp you sent me to!'"

These children and teens, and the thousands like them, are thousands of individual reasons that your annual giving is so critical. We know that each of these young people or parents would love to have the opportunity to thank each of you directly. In the absence of that opportunity, we thank you on their behalf and on behalf of all of the youth you enable The Second Mile to serve.

Sincerely,

Bob Poole  
*Chairman of the Board*

Jack Raykovitz, Ph.D.  
*President and Chief Executive Officer*

# Programs and Services 2008

## Number of Individuals Served

(Nittany Lion Tips, PEAK, Leadership Institute, and Challenge included on map)

## Regional Program Services *(not included on map)*

### Central Region

- 310 Participated in Friend
- 56 Participated in Friend Fitness
- 40 Attended the Clearfield Day Enrichment Program
- 21 Attended the Clearfield After School Program
- 73 Received Children's Fund awards
- 838 Participated in Foster Family activities
- 109 Attended 537 Counseling Sessions

### Southwest Region

- 1 Received Children's Fund award
- 350 Attended Foster Family activities

### Southeast Region

- 144 Participated in Friend
- 85 Participated in Friend Fitness
- 37 Received Children's Fund awards
- 955 Participated in Foster Family activities

### Northeast/Northwest Region

- 19 Received Children's Fund awards
- 764 Participated in Foster Family activities

### Southcentral Region

- 143 Participated in Friend
- 52 Received Children's Fund awards
- 2,033 Participated in Foster Family activities

In the past two Annual Reports, you have heard me speak about our dream to build a permanent home for Second Mile children, families, and supporters: The Second Mile Center for Excellence. I am pleased to report that this year we have moved closer to realizing this dream. Thanks to our dedicated committee and many generous

donors, The Second Mile Campaign for Excellence is nearing its Phase 1 goal and preparing to embark on Phase 2 of this fundraising effort. As part of Phase 1, we will be building two components of the Center for Excellence: the Outdoor Recreational Complex and the Educational and Recreational Building.

The Outdoor Recreational Complex will include football and soccer fields, baseball fields, basketball courts, volleyball courts, a fitness trail, a high ropes course, pavilions, and gazebos. With all of these elements, The Center for Excellence will provide a place for play and for learning. These outside spaces will be used for playing large group games, providing breakaway areas for small groups, facilitating initiatives, and best of all, they will help in the promotion of an atmosphere where a kid can simply be a kid.

The Educational and Recreational Building will include a multi-purpose gymnasium, exercise facilities, classrooms, and dormitory space. We are currently in the design phase of this building, working with an owner's representative and architects to design a space that will best fit our program needs and be a welcoming space for all members of The Second Mile family. This building will be the cornerstone of The Center for Excellence Campus, providing the spaces we need to stage Friend events, run Challenge Program weeks-in-residence, hold Friend Fitness workouts, conduct the Leadership Institute, train volunteers to implement our programs regionally, and even host some of our special events.

The possibilities The Center for Excellence represents are endless, and we are excited to have a place coming closer to fruition, a place that will stand long into the future and represent The Second Mile's commitment to children and families. When I founded The Second Mile, I envisioned an organization that would always keep its promise to children, and I believe that, through The Center for Excellence, we always will.

*Jerry Sandusky*  
Jerry Sandusky  
Founder

## Statewide Program Service Totals

182,160	Addressed important issues through the <i>Nittany Lion Tips Program</i> *
223,155	Learned new skills through <i>PEAK</i> Videos I or II or Play Kit I*
597	Participated in safe activities with caring mentors through the <i>Friend Program</i>
141	Built outer strength and inner character through the <i>Friend Fitness Program</i>
760	Developed key skills and set goals through the <i>Challenge Program</i>
40	Attended the <i>Clearfield Day Enrichment Program</i>
21	Attended the <i>Clearfield After School Program</i>
319	Learned leadership skills to heal communities through the <i>Leadership Institute</i>
183	Received critical support through the <i>Children's Scholarship Fund</i>
4,940	Enjoyed recreation and received recognition through 64 <i>Foster Family</i> activities
109	Benefited from 573 <i>Counseling</i> sessions
225	Received <i>Guidance and Referral</i> information
343	Participated in <i>Professional Training</i> through 18 different sessions
11,160	Attended 114 <i>Community Education</i> presentations

## The Arthur C. and Evelyn M. Sandusky Society

*The Arthur C. and Evelyn M. Sandusky Society recognizes those individuals who have made an estate provision for, or a planned or deferred gift commitment to, The Second Mile. These gift commitments could include a bequest in a will or living trust, the designation of The Second Mile as*

*the beneficiary of a retirement plan, a charitable remainder trust, the gift of a life insurance policy naming The Second Mile as beneficiary, and/or the execution of an estate note. We wish to thank the members of this society for providing a foundation for the future of our organization.*

*"The Second Mile has been providing children with Help and Hope for nearly three decades. Lynda and I have been most fortunate to experience, on a very personal level, the success of some of our current and past Second Mile kids. We believe there is no easier way, nor is there any better way, to secure the future of The Second Mile and its ability to help children for generations to come than planned giving. Membership in The Arthur C. and Evelyn M. Sandusky Society does just that."*  
—Lynda and Mike Sullivan

## Prevention Programs

### Nittany Lion Tips

- Each school year, two editions of Nittany Lion Tips are issued featuring Penn State athletes offering short educational or motivational messages about personal or social development. Each set contains 25 different Tips from student-athletes in sports that include football, men's and women's basketball, men's and women's gymnastics, and wrestling. During the past year, more than 182,000 elementary, middle, and junior high school students received Nittany Lion Tips from more than 1,500 school counselors and other youth-service professionals, according to counselor surveys. Each professional receiving Tips also receives the accompanying facilitators' guide, which offers further ideas and activities that address and expand on the ideas found on the cards.

### Second Mile Leadership Institute

- For four days each spring, students from across the commonwealth of Pennsylvania attend The Second Mile Leadership Institute and gain the knowledge, encouragement, and empowerment to make a difference in their school communities. Teams composed of five high school sophomores that represent a diverse cross-section of their schools, along with a faculty mentor, attend workshops and planning sessions. The 2008 Leadership Institute hosted a record 53 teams who attended presentations made by more than 72 presenters on topics ranging in scope from fundraising and publicity to group function and communication styles. Groups left the Institute focused on implementing projects pertaining to mentoring, incoming student orientation, school pride, and school beautification. Additionally, six medalist teams were recognized from the 2007 Institute for outstanding work and, in turn, received awards to continue their efforts.

"I just wanted to thank you for our envelope full of Nittany Tips cards. I use the cards as discussion starters for my class. They love to collect the cards. It is a great way to catch their interest. Many of the Tips tie into a unit that our school counselor teaches. Thanks again for providing a great resource."

—School Counselor in Lycoming County

A Leadership team learns how to work together and trust each other through this initiative activity.

"Our team was able to discuss and exchange opinions and ideas. Most important of all, they were able to use the ideas they learned from the session they attended to develop the plan for their service project. In my opinion, The Second Mile did a great job with my team."

—Faculty Mentor from Susquehanna County

## The Angel Society

With this Annual Report, The Second Mile recognizes and thanks the members of The Angel Society—those individuals, organizations, corporations, and foundations that have made annual contributions to The Second Mile equal to or greater than \$2,000 during The Second Mile fiscal year, September 1, 2007, through August 31, 2008.

"Years ago, a young man wrote to me thanking The Second Mile for being the 'wind beneath his wings.' His letter served as an inspiration in naming our annual giving society 'The Angel Society,' our way of recognizing the significance of our donors, who lift children up, show them new horizons, and provide them with the skills they need to soar."

## PEAK (Prevention: Education and Awareness for Kids)

- The PEAK Program continues to be used by teachers and counselors across Pennsylvania. Since the release of the two videos, more than 1,100 school counselors and teachers have used the PEAK modules, *Choice of Champions and Flow: The River Within*, to help students learn to respond proactively to negative peer pressure and improve their self-esteem. More than 530 teachers and counselors have used the *No Bullying Allowed!* play kit to teach elementary and middle school students about bullying prevention through an interactive play. All three modules come equipped with facilitators' guides that provide additional opportunities for students and teachers to further put into practice the information from the modules.

## Early Intervention Programs

### Challenge Program

- During the ten one-week sessions of residence, Challenge Program participants work on setting behavioral and academic goals as well as deciding on community service projects for the upcoming school year. Collegiate counselors, professional staff, and volunteers promote a positive environment and offer encouragement that allows youngsters to work on areas such as developing better self-awareness and learning to understand others. During the 2008 residential weeks, Challenge Program staff encouraged 760 youngsters to believe that *I Can, We Can*, the theme of this year's program.

*continued next page*

Prevention: Education and Awareness for Kids (PEAK) Program

*We continue distribution of the third PEAK (Prevention: Education and Awareness for Kids) module, our first play kit, to many students throughout the Commonwealth.*

*"My students benefited greatly from acting out the play included in the *No Bullying Allowed!* play kit. They were really able to connect the ideas found in the play with their school life."*

*—School Counselor in Lehigh County*

*"Your program is excellent! I used it and then lent it to another teacher in my school, and she loved it so much she wants one for herself. Our school really appreciates the fact that The Second Mile offers a program about bullying. It has really improved how our students relate to and interact with each other."*

*—Teacher in Philadelphia County*

"I wanted to thank you for all The Second Mile does. I saw a dramatic change in a girl I work with after her attendance in the Challenge Program this past summer. She also credits the camp in helping her. Thank you so much!"  
—School Counselor from Montgomery County

*Working together, these boys hold onto each other to accomplish their goal as a team.*

*This Friend Fitness mentee has fun with his mentor as he helps him work out his shoulder.*

"My son enjoys spending Sundays with The Second Mile. Thank you to all involved in the program; you're doing a great job."  
—Parent from Chester County

- The Challenge Program experience does not end when a young person finishes his or her residential week. The Second Mile staff provides additional support to participants, their families, and their counselors through written, phone, or in-person contact. During the 2007-2008 school year, Second Mile staff made more than 9,200 contacts to participants and more than 4,800 contacts to their school counselors to help them stay connected to the program and focused on their goals. Additionally, 772 participants and their family members attended 30 mid-year events.
- Challenge Program participants, with the support of The Second Mile staff and their school counselors, work hard throughout the school year to meet their goals and thereby earn return trips to residential weeks the following year. As a result of this hard work, school counselors nominated 480 youngsters who attended residential weeks in 2007 for achievement certificates. Additionally, 80 youngsters were singled out by their counselors for giving back to their communities and received community service certificates.

### Friend Fitness

- The Friend Fitness Program focuses on helping adolescents achieve personal, academic, and fitness goals through mentoring and individualized strength training exercises. With sites located in Clinton County, Chester County, and the Centre Region, the Friend Fitness Program provided opportunities for improvement to 141 teens in 2008. During twice-weekly sessions, 93 adult mentors assisted students in working on their goals. Additionally, there were 11 social and team-building activities such as picnics, group workouts, and luncheons held for students and mentors.

## Friend

- The Friend Program pairs elementary students with college students who act as their mentors while they participate in healthy and educational activities together. During the past year, 597 Young Friends from across the Commonwealth participated in the Friend Program at six sites: Blair County, Centre Region, Clinton County, Lancaster County, Lehigh Valley, and the Southeast Region. College Friends from Penn State University Park, Penn State Altoona, Millersville, Lock Haven, and Villanova Universities as well as from Cedar Crest and Muhlenberg Colleges acted as mentors and friends to their younger counterparts. Fifty-one activities were held, including Health Adventures Days, Science and Technology Days, and Award Picnics. Additionally, 686 volunteers, both adult and student, assisted with these events.

## Community-Based Programs

### Children's Scholarship Fund—Grants, Recognition, and Scholarships

- The Children's Fund offers support in three ways: by providing grants, scholarships, and community service awards to youth across the Commonwealth. Assisting with financial needs outside of the coverage of other agencies or government programs, Children's Fund Grants help young people (ages birth to 18) afford such items as clothing, school supplies, and extra-curricular activity registration fees. Over the past year, Children's Fund Grants were given to 65 young people, and hundreds of additional children received non-monetary grants through the distribution of in-kind donations, such as clothing. Post-Secondary Scholarships are available to former Second Mile participants to assist with school-related expenses. Last year, The Second Mile awarded 47 such scholarships. Additionally, 71 high school seniors graduating

*continued next page*

"I have nothing but good words for the Friend Program. It's nice to come and have someone greet us and know who we are and to see the College Friends make a 'beeline' to greet my children. I thank you and all of the individuals who work to make Second Mile such a wonderful program for children like mine."

*—Parent from Lancaster County*

*Young Friends and College Friends learn about different cultures and the art of Tinikling at the Multicultural event at Villanova Friend*

"I am incredibly thankful to be a recipient of The Second Mile scholarship. Like many past Second Mile participants now in school, I know all too well the value of my education. Your scholarship has helped to ease the financial burden as well as helped allow me to pursue a career path that has special meaning for me. I hope to one day work for a non-profit organization and give back a bit of the help I received while growing up."

*—Former Challenge Program participant*

in 2008 received recognition with “top honors” plaques or achievement certificates along with savings bonds in recognition of exemplary community service work as part of the Community Service Awards program.

## Foster Family Support

- The Second Mile’s Foster Family Support Program assists Pennsylvania Children and Youth Agencies recruit and retain foster parents by providing tools for attracting new foster parents, recognizing outstanding foster parents, and offering recreational activities for foster families. In the past year, as part of this program, more than 4,900 foster family members from 33 counties took part in 64 recreational events, all at no cost. Among those events are multi-county activities held at sites including Allenberry Playhouse, HersheyPark, Idlewild Park, Kennywood, Knoebels, and Lakemont Park.

## Counseling and Referral

- The Counseling and Referral service has as its goal assisting children and families by helping them recognize and resolve problems or concerns in the early stages of their development. Additionally, The Second Mile maintains memberships in a variety of human service agency networks to which referrals are made in cases where needs fall outside of the scope of current Second Mile programs. In 2008, The Second Mile was able to provide 109 people with 573 counseling sessions from the State office as well as refer 225 others throughout the Commonwealth to needed services.

*Foster Family members take time to enjoy the water rides at Kennywood.*

“We would like to tell you we think the Hershey tickets are a wonderful gift for foster families. Over the years we have taken many different children to Hershey, and they all love it. Being there with all the other children gives them an opportunity to realize that they are not alone.”

—Foster Parents from Adams County

“Thank you for the tickets for our foster families to the ‘Cirque du Soleil’ performance. I can’t tell you how excited they were for the opportunity to see this spectacular show, especially given the ticket prices. I have been asked to express my gratitude to The Second Mile for this wonderful experience.”

## THE POWER OF IN-KIND SUPPORT: *Our Honor Roll of In-Kind Partners*

Support through in-kind donations plays an important role in helping The Second Mile provide opportunities for Pennsylvania children and families. Some in-kind donations go directly to the children and families served by The Second Mile, including event tickets, supplies for program activities, and transportation of participants. Other in-kind donations offset operating costs of programs and special events to allow a larger percentage of money raised to go to Second Mile programs. These donations include everything from equipment storage space and printing services to special event prizes and meals. In-kind sponsors who contributed to special events were acknowledged previously in conjunction with those events. We would like to highlight here those additional in-kind donors who contributed goods or services valued at \$1000 or more this past fiscal year. The Second Mile received \$382,746 in in-kind donations in 2008.
