Dear Efrat,

Thank you for the kind introduction and thank you for your continued support of our work.

Amb. Sermoneta, it is great to connect, and I look forward to continuing the conversation together. If you are open to a call, I have CCed Maria my Executive Assistant into this email who will assist in diarising a time to suit you in the coming weeks.

Additionally, I would like to emphasize the importance of our collaborative efforts in combating hate and lies online. As we are all aware, the spread of hate and the lies that underpin hate can have serious consequences, dividing communities, undermining trust, as well as impacting real-world events.

I look forward to exploring these important issues with you.

Best wishes,

Imran

Dear Imran,

It was a pleasure meeting you today. I'll forward your contact details to our Ambassador in Geneva, and to some of the philanthropists that might be interested in your work.

Warmest regards,

Sawsan

Dear Sawsan,

It was a real pleasure to meet with you yesterday. Thank you for the connection to Geneva. I hope to meet with them later this week.

I would, of course, be delighted to be connected to any philanthropists who might support our strategic, proven and impactful solutions.

Similarly, meetings with your Hill team and your California teams working on social media company relations would be helpful (copying Efrat for this).

Please let me know if I can help in any other way.

Best wishes,

Imran

Dear Imran,

I'd like to @introduce our Consul General in San Francisco, Amb. Marco Sermoneta (copied to this email). He will be best suited to answer any questions regarding efforts vis-à-vis the social media companies out west.

Amb. Sermoneta – introducing Mr. Imran Ahmed, CEO of the Center for Countering Digital Hate. Sawsan and I met with him earlier this week and are trying to offer our assistance with connecting him to relevant parties as best we can, as the work that the CCDH does is extremely important.
