

## Demanding Truth and Transparency in Media: A Call to Action

As citizens, we are entitled to the truth about the events and happenings in our society. We implore the media to communicate the facts transparently, without corporate influence, bias, censorship, or manipulation. We stand against any form of deception, distortion, or suppression of information that could impact our lives and choices. Honesty, transparency, and accountability are crucial values that must be upheld in all facets of our world. We remain firm in our belief that the truth will set us free and empower us to create a brighter future for ourselves and generations to come.

## GLOBAL TRAFFICKING AND CHILD ABUSE UNCOVERED AND CONFIRMED BY WITNESS TESTIMONIES

*The author has always fought for justice and desired to make the world a better place for everyone. He believes in doing what is right and following his conscience, even if it means standing alone. He will stand shoulder to shoulder with those who he trusts and will never preach but provides a vehicle of communication and backs up his facts. He encourages others to do their own research and cautions against believing everyone that appears to think like you. Apply caution as it is a strategy the Cabal have been playing for a very long time and they are sure to have both bases covered wouldn't you? The author rejects a fear culture and those who promote it, and uses the analogy of ants in a jar to illustrate how external forces can create conflict. This investigation has been painstaking and upsetting but illustrates what we all know we are up against.*

**Could it be true that our top politicians, celebrities, royal families, police, military, judiciary, etc., are involved in the abuse, torture and murder of children?**

An avalanche of evidence is flooding our world, showing that something unspeakably gruesome is going on in our societies. From the US secret services CIA, FBI and NSA, former executives have stepped forward to declare that this is happening on a large scale all over the world. They reveal organized worldwide networks that are trafficking millions of children to the rich and powerful. Most children are sold as "toys" to abuse at will.

In this report, you can listen to eyewitnesses, surviving victims, jurists, law enforcement officers, former directors of secret services, etc., from all over the world. From Europe to the Pacific and also the USA these people did not know each other yet the testimonies are the same in every detail which shows a consistency of verifiable information.

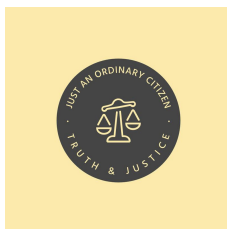

Several testimonies were given before the International Tribunal on Crimes by Church and State (ITCCS). In response to these eyewitness statements, teams from the ITCCS, in cooperation with local police, made 19 arrests and freed 8 children. Mass graves of children were also discovered.

The first testimony comes from former top businessman in finance Ronald Bernard. This man operated in the upper echelons of the financial world, trading large sums of money for the wealthy elite. At some point he received an offer to acquire unlimited wealth himself. However, there was one condition:

***he had to put his conscience in the freezer, at -100°. Then all doors would swing open for him.***

As it turned out, he was invited to participate in the satanic ritual abuse and murder of children. To his dismay, he discovered that this is a practice characteristic of the upper echelons of our world. It is the ticket to unlimited wealth. Bernard stepped out of this perverse world of ruthless lust for power and wealth at all costs. Please listen to his story...

## ROYALTY ORGANIZES CHILD MURDERS

Ronald Bernard's revelation is confirmed by the shocking testimony from a former jurist within the Dutch judiciary:

**Anne Marie van Blijenburgh** testified in **2014** about how she was present three times at meetings where children were raped and murdered on a stage. Her testimony was given before the Tribunal for Crimes by Church and State (ITCCS), founded by the human rights activist Kevin Annett.

Today that tribunal no longer exists, as Annett now focuses his time on fighting for the rights of Canada's indigenous people. However, at the time of the tribunal, several testimonies were recorded about ritual abuse and murder by the government.

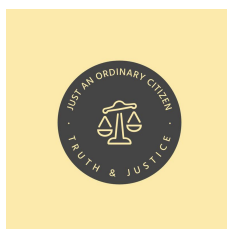

Anne Marie van Blijenburgh is married to Kees van Korlaar for over 24 years. and with his 3 brothers he formed a criminal organization called the Octopus Syndicate. Its known in the Netherlands as Ndrangheta formed in 1960 it has links to the Italian Mafia.

<https://rumble.com/vy4esd-jurist-witnessed-rape-and-murder-by-top-politicians.html>

According to another witness, Queen Beatrix ordered children to be transferred or employed within the royal palace, after which they disappeared without a trace and not seen again.

***"In Zwolle, the child was taken from the train station by the criminals and brought to a building that looked completely like a real hotel, but was not operational as a hotel, although there were people in the lobby pretending it was a hotel."***

***"The child was given something to drink, and with that drink, he or she was drugged. Next to the hotel was a building where the performance was to take place. In that building, people were seated and at some point the child was brought in by the criminals. It was tortured, raped and brutally murdered in front of the spectators."***

## TOP FASHION MODEL ABUSED BY THE ELITE

The third eyewitness is Nathalie Augustina. a highly sought after model who worked with top brands such as Dior, Cartier, Issey Miyake, Chanel, Armani and Comme des Garçon.

Nathalie attracted the attention of high ranking politicians, tycoons, famous actors and of course as you would expect Jeffrey Epstein.

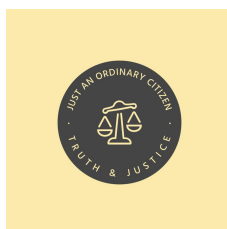

In 2018, she revealed her story in the book '**NATHALIE - Confessions of a Top Model**' (only available in Dutch). She wrote this with the well-known investigative journalist Robin de Ruiter. He was the author of " **The Corona Crisis**" written in 2008 predicting the recent "pandemic"

Nathalie who was an orphan and was unfortunately placed in a pedophile foster family. Her foster parents regularly took her, along with many other children, to the government headquarters in The Hague. She testified that there were, underground rooms called the 'sex cellar' where they were raped.

She and other children were also regularly taken to a US military base, where they were treated with 'mind programming'. Some children were programmed as 'sex kittens', intended only for rape. Others were given extra preparation for entering the fashion, film, or music world.

They were also taken to parties of the rich, where they were raped on a stage. and how everything was filmed. This is a direct confirmation of Anne Marie van Blijenburgh's testimony.

<https://rumble.com/vy4en1-top-fashion-model-reveals-sexual-abuse-by-governments.html>

Nathalie testified on how she was taken to military locations where many children would enter an auditorium. The then Secretary General of Justice, **Joris Demmink**, would enter with his friends. The men who only "did boys" would pick boys, and the men who only "did girls" would pick girls, including Nathalie Augustina.

**"These are all very horrific things, and the truth is even worse than what people want to know."**

Nathalie says she returned to the Netherlands because she saw that a political party for pedophilia had been approved by the government. This party published the 'Handbook on Pedophilia' which explains, among other things, how to rape babies from zero to three years old.

### **Abuse and Blackmailing**

Many witnesses and insiders reveal that the torture, abuse and murder of children is used as a strategy to gain control over leaders in society. High-ranking people are set up to participate in these practices, which is captured on film. This footage is then later used to exert political pressure or for extortion. This worldwide method was confirmed by Michel Nihoul, a member of the notorious Dutroux gang which sacrificed children all throughout Europe.

**"I have control of the government. Everyone has compromising files on each other, which can be used as leverage at the right time."**

**Michel Nihoul, member of Marc Dutroux's gang.  
Quote from an interview with Der Spiegel in 2001**

## TUNNELS UNDER GOVERNMENT BUILDINGS

The existence of underground structures in the Binnenhof is confirmed by this video.

<https://youtu.be/5IVjyxgXGmw?feature=shared>

Whether it happened in these specific tunnels I do not know, but this shows that there are indeed underground structures under the government headquarters.

## Monarch Mind Control

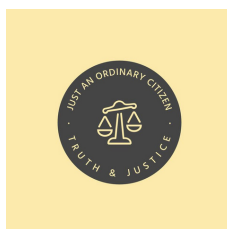

The next element in Augustina's testimony is Monarch Mind Control, also known as MK Ultra. There are many videos on the subject and she states clearly that children are indoctrinated into this and used widely.

It should be noted that many politicians, models, musicians and actors are also prepared this way and I am sure you can think of instances where this now makes sense.

## The CIA Deals in Children

Nathalie testifies how she saw many children being taken to US military bases. This is confirmed by the video below, in which CIA officer John Kiriakou is speaking. He explains that there are no ethics within the CIA, or any moral boundaries. Indeed, the essence of the CIA is that every law must be broken in order to be an “**effective spy**”

## FORMER FBI CHIEF SPEAKS OUT

Former Los Angeles FBI chief Ted Gunderson reveals in the videos below the widespread reality of satanic ritual abuse and the international trafficking of children for the wealthy.

[https://youtu.be/aRle\\_QEUxTE?feature=shared](https://youtu.be/aRle_QEUxTE?feature=shared)

Gunderson explains that there are underground chambers at the homes of many of these high ranking officials, that have been built specifically for this practice, so that it would always stay hidden.

### Abused For Years In Famous Castles

Our next eyewitness is Toos Nijenhuis who as a child was taken to castles and palaces in Netherlands , Wales, Scotland, France, Germany, Saudi Arabia and Australia.

She names Prince Bernard (Beatrix's father), Cardinal Alfrink, Lord Mountbatten and Pope Paul IV.

Toos explains that many castles and palaces have special torture chambers and rooms where children are kept prisoner. According to Toos, there was a camera in every room.

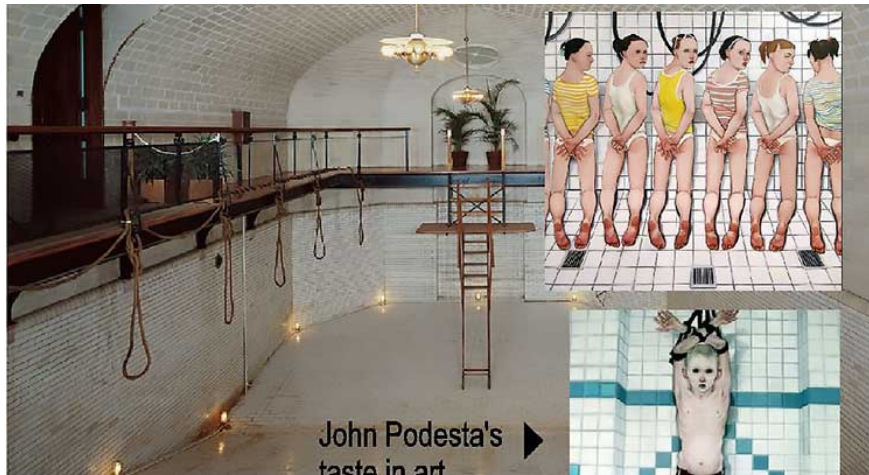

<https://youtu.be/-A1o1Egi20c?feature=shared>

Toos Nijenhuis testifies she was abused and tortured throughout her childhood by members of the Dutch royal family and other high-ranking figures, including leaders within the Roman Catholic and Jewish Orthodox Churches.

## FORMER WHITE HOUSE CHIEF OF STAFF OWNS CHILD ABUSE ART

Toos' testimony about torture chambers in castles brings us to this image.

On the one hand, we see an underground pool in the largest castle in America: Biltmore Estate owned by the Vanderbilts, who were once America's richest family (CNN's famous news anchor **Anderson Cooper** is one of Gloria Vanderbilt's sons just for information purposes)

On the other hand you see two paintings that are part of the bizarre art collection of John Podesta who is a former White House chief of staff under President Clinton and an advisor to President Obama.

The artwork shows children being tortured in a swimming pool... which bears striking similarities to the pool at the Biltmore Castle.

That then poises these questions :

- Why are there so many ropes hanging in the pool at Biltmore Castle?
- What is the reddish-brown stains at the bottom of the pool that looks like dried blood?
- Why did Gloria Vanderbilt, the late owner of this castle, create a large number of 'artworks' of damaged baby dolls locked in Plexiglas cages ? (see following images)

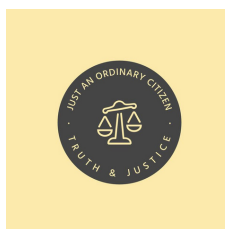

### Overview of "Serafina and the Black Coat"

The book tells the story of a young girl with a unique physical characteristic – only four fingers and toes – who was discovered on the Vanderbilts' estate. As the plot unfolds, she witnesses a mysterious man in a black cape making several children vanish in the castle.

This book seems more than a passing coincidence when put together with the myriad of other information.

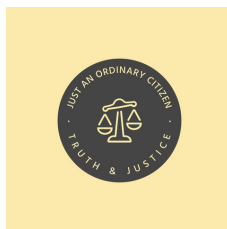

The former top US government official and confidant to Clinton and Obama, John Podesta, not only has paintings of tortured children in his home, but also owns the 'art' below... howling and crying children, locked in cages carried by demons.

### ***Additional Information***

I decided to look into the apparent suicides of both Chester Beddington (Linken Park) and James Cornel and I uncovered a lot of inconsistencies., including a motive this confirming it could not be suicide. I also discovered something that was unexpected that John Podesta is the father of Chester Beddington and that he used to beat his son under the alter ego Skippy. I will repost my video on .....

## THE X-FILES: CHILD ABUSE NETWORKS

In 2004, BNN VARA, a large television broadcasting company in Europe, released a program called '**The X-Files**'. Witnesses stated in the program that they had been raped in their childhood by high-ranking figures in Brussels, Belgium. One of these witnesses, a young woman from Ghent, caused a stir in Belgium in 1997 with her statement about abuse and the murder networks.

At least 43 children disappeared in Belgium between 1973 and 1995, some of whom were later found murdered. Regina Louf made very detailed statement in 1996 concerning the murder of three girls:

Christine van Hees, Carine Dellaert and Katrien de Cuyper.

The gendarmerie confirmed that she had knowledge that only an eyewitness could have, and there were clear information leading to the perpetrators.

Then the government intervened: the investigation was immediately stopped and the media portrayed this eyewitness as a deranged fantasist.

## ABUSED BY BRITISH POLITICIANS

The next testimony comes from the United Kingdom.

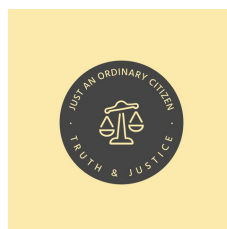

Richard Kerr was systematically raped for many years by very powerful individuals within British politics. Miraculously, he survived, and after decades, he found the strength to come forward with his story.

As a teenager, Richard was exchanged for years as an object, a so-called 'toy-boy', within the elite in England.

He mentions Dolphin Square, a luxurious complex for military police and the British Secret Service, as one of the locations where he was taken. After thirty years, he returned to these and other places, together with his therapist, in order to process his past.

## WHITE HOUSE OFFICIALS ACCUSED

Jessica Collins is an American woman who has been abused for 17 years, in the same way as described by all the previous eyewitnesses.

She mentions Jeffrey Epstein, who had close ties with Bill Gates, and dozens of high ranking celebrities, businessmen, politicians, media personalities and film producers in the USA. Jessica also explains how she was abducted, drugged and abused by Prince Andrew.

<https://youtu.be/qKbOJrHUkvM?feature=shared>

<https://www.jessicaleighcollins.com>

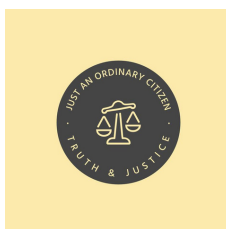

## Australian Top Politicians Accused

Fiona Barnett from Australia came forward with the exactly the same testimony as all the other surviving victims we have seen in this report. The detailed similarities of everything they each describe is undeniable evidence of the truth of their experiences. Fiona testifies of how she was abused throughout her childhood by the top politicians in Australia and when she tried to report it, she found even more trauma as she was ridiculed and turned away by politicians and the judiciary.

## **Sickening images reveal the disgusting sex acts that went on inside Parliament House as it's claimed political staffers filmed themselves performing lewd acts on the desks of female MPs and brought in prostitutes**

- At least four senior Coalition staffers allegedly shared lewd images of sex acts
- Swapped pictures and video of solo sex acts over Facebook Messenger
- Some had used the Parliament House desks of female Parliamentarians
- Whistleblower says staffers procured male prostitutes for Coalition MPs
- Both MPs and staffers 'used the small Parliament House prayer room for sex'
- One staffer sacked after whistleblower leaks evidence of widespread depravity

Recently, the extreme perversion of Australian members of Parliament was exposed, and even made it to some media outlets that are usually paid to hide this kind of information.

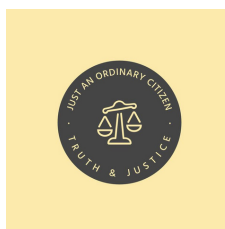

## Top Man of UNICEF, UN & WHO Rapes Children

Occasionally, one of the high-ranking figures is caught and arrested, as happened to Peter Dalglish. He held high positions within the United Nations, UNICEF and the World Health Organization, and was founder of an international movement to help street children. He was awarded the Order of Canada for his outstanding humanitarian work.

In reality, his activities turned out to be cover-ups for abuse of unprotected children.

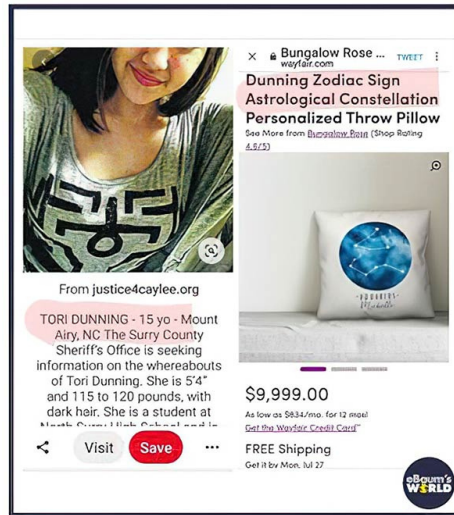

Police in Nepal had received a tip, and were able to catch this monster in the act of molesting two boys aged 12 and 14. He received only nine years in prison which is a disgrace.

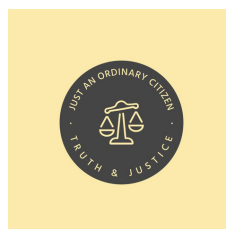

# CHILDREN FOR SALE ONLINE

Several webstores like WayFair & Etsy are suspected of allowing child trafficking. The children are offered as furniture, etc., that costs a fortune, while the products carry the same name of the missing children. Here are a few examples...

First is a pillow that costs 10,000 USD, with the same name of a missing girl: Dunning.

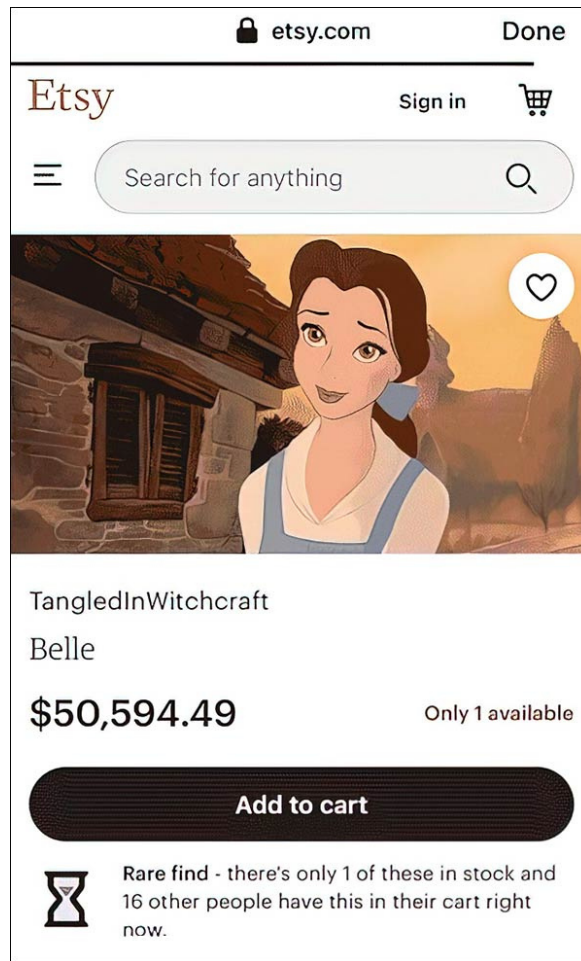

Below that is a flimsy cabinet offered for the price of 13,000 USD, again with the same name of a missing child: Samyah.

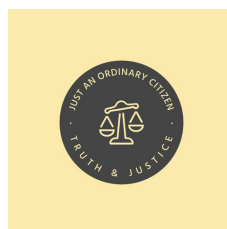

On Etsy, a seller is offering 'Belle' with the picture of a pretty Disney character, for the price of 50,594.49 USD.

These examples, of course, only begin to illustrate a criminal These examples, of course, only begin to illustrate a criminal operation of proportions that none of us can imagine. See the images below of children in cages...operation of proportions that none of us can imagine. See the images below of children in cages...

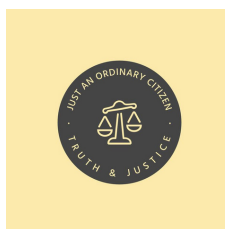

## FACEBOOK IS #1 HUB FOR CHILD ABUSE

**SWFI, A GLOBAL RESOURCE FOR INSTITUTIONAL INVESTORS, PUBLISHED THE FOLLOWING STATEMENT:**

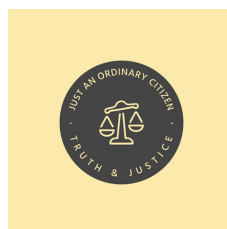

"In 2019 there were nearly 17 million reported cases of online child sexual abuse material (CSAM), 94% of which stemmed from Facebook, according to the National Center for Missing & Exploited Children. As the world's largest social media company and the largest facilitator of reported child sex abuse online – Facebook's actions will, for better or worse, have a major impact on global child safety."

## Satanism of the Elite

As Ronald Bernard testified at the beginning of this report, Satanism - also called Luciferianism - is the dark gateway to unlimited wealth and power. Only those who are participants gain access to the high positions and opportunities to become wealthy. This is indeed evident if we look, for example, at one of the richest families on earth: The Rothschilds. They own the central banks of 165 countries. A central bank is above all other commercial banks. So, in effect, the Rothschilds control the flow of money around the world. The picture below clearly shows the balance of power between the Rothschilds and, for example, the British royal family.

The multimillionaire Evelyn de Rothschild (deceased) is shamelessly poking his finger on the chest of the then Prince Charles!

Although involvement in Satanism is carefully hidden from the masses, photos of one of the Rothschilds' parties leaked out. From the images, it is clear what we are dealing with.

On December 12, 1972, Marie-Hélène de Rothschild organized a Surrealist Ball at Château de Ferrières, one of their castles. As she welcomed guests, the hostess wore the head of a horned animal, a well-known symbol within Satanism.

One victim of organized abuse by the wealthy elite, under the pseudonym Rose, told us that at one of the rituals, her father was present, apparently drugged, with a deer antler on his head. Exactly as we see here with the Rothschilds.

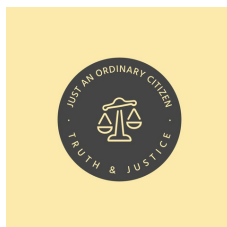

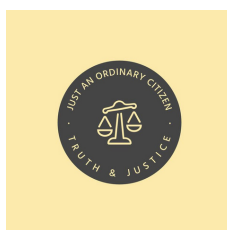

The way that the tables were decorated needs no further explanation.... statues of children with severed heads and limbs...

On other tables, naked mannequins were on display....

That one of the richest family in the world is involved in Satanism is no secret. Baroness Philippine W.P. de Rothschild regularly wore a necklace with the head of a devil, goat or ram, the typical symbols for Satan.

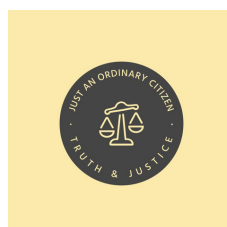

Baron Joseph de Rothschild - who arranged and financed the creation of the modern state of Israel - poses here with noted satanic artist Marina Abramovic for a painting titled:

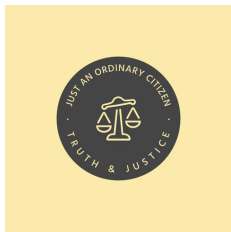

*'Satan summons his hordes from the underworld'*

Abramovic is an artist who is particularly appreciated by the ELITES in our world. She organises parties for politicians, businessmen and Hollywood stars, under the name 'Spirit Cooking'. On the following page are photos of one such elite party.

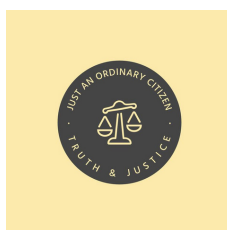

People are also being imitated and can be eaten. Next to Abramovic taking a scoop of 'blood' is Lady Gaga, who sang the American national anthem during Joe Biden's inauguration.

Although Abramovic denies being a Satanist, her 'art' speaks for itself: she has herself photographed with a dead goat's head, and she paints a pentagram on a woman's belly. Both are distinct symbols of Satanism.

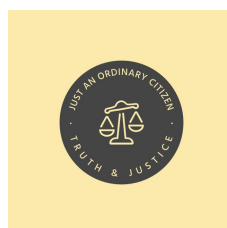

The image below shows a statue that is used worldwide within satanic cults : a human body with goat legs and the head of a goat.

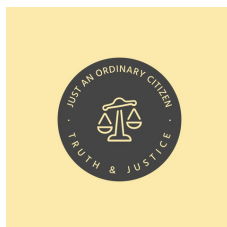

The abuse and sacrifice of children to the powers of darkness is the central element in Satanism. This is also reflected in Abramovic's art, below. On the left, you see an image of a bound child, drenched in blood.

In the world of paedophilia, the code word for a young girl is 'pizza', a boy 'hot dog', a small boy 'pasta' and an orgy with little boys is 'pasta sauce',

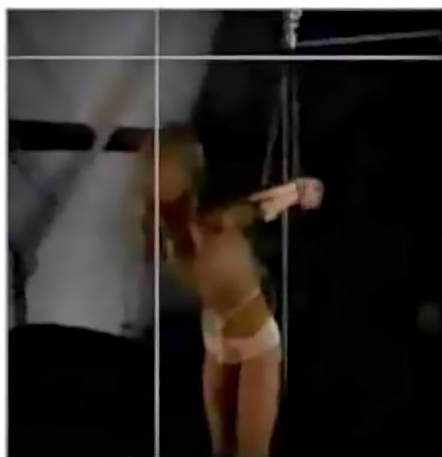

**Biden : These photos need no explanation**

And these were the kind of images found on the laptop of his son, Hunter Biden...

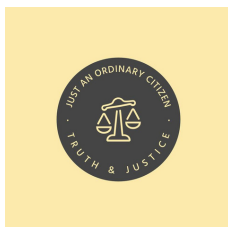

Name: Nicole  
Age: 18 years old  
Ethnic origin: Caucasian  
Country of origin: United States  
Abducted in: Paris  
Held in: EU  
Weight: 47kg  
Measurements: 32A-24-34  
No STD's.

Nicole's starting bid is set at 150,000\$.

There is much more to come on this story as we have verified these photographs and videos, which are too graphic to show. He, like all the others, will be brought to justice, and I need everyone of you to help support me in ensuring that this happens.

## **A message from JAOC.....**

### **Advocating for Justice: My Unseen Journey**

From a young age, I have been an advocate for justice. I saw the inequalities and injustices in the world and felt compelled to make a difference. My goal has always been to create a better world for everyone, particularly those who are marginalised, oppressed, and exploited.

While my children may not fully understand my journey, I love them and my grandchildren deeply. I hope for them to live in a world that is just and truthful, free from the wrongs we know to be present.

Countless unsung heroes work tirelessly for the good in this world, and much of their work goes unnoticed. All I can do is give my best, follow my conscience, and stand up for what I believe to be right, even if I am alone in that belief.

I ask only that you do your research, follow your conscience, and take action to do the right thing. We have been taught to follow a certain path in life, but sometimes questioning that path is necessary. Fear culture is unacceptable, and those who spread fear are just as responsible as those who instill it.

Red ants and black ants can coexist in harmony, but if they are placed in a jar and shaken, they will fight to the death. The only question we should ask is who is shaking the jar, and then we will have our answer.
